Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal is to replace 3 no. existing windows – Ground floor and first floor Bay windows and quadruple first floor window to front elevation with like-for-like timber units, due to deterioration of the original materials and to improve the thermal/energy efficiency of the property by utilising double glazed sealed units. The new joinery will be:

- Constructed from high-quality, durable hardwood or softwood (e.g. Accoya or similar, depending on local approval)
- Replicating existing dimensions, profiles, and opening mechanisms
- Painted in a heritage-appropriate finish (e.g. white sashes, black frames, if agreed)
