Response to Planning application from Hertfordshire County Council (T and CP GDP Order 2015)

Director of Planning

North Hertfordshire Council
Council Offices
Gernon Road
Letchworth Garden City
Hertfordshire
SG6 3JF

District ref: 24/02074/PNQ
HCC ref: NH/22452/2024
HCC received: 26 September 2024
Area manager: Manjinder Sehmi
Case officer: Paul Marshall

Location

West Lane Farm , West Lane, Pirton, Hertfordshire, SG5 3QP

Application type

Prior Approval

Proposal

Prior Approval Class Q Agric to Dwelling : Conversion of existing barn into four dwelling houses

Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission subject to the following conditions:

CON1) Prior to the first commencement of the development hereby permitted, a plan for cycle storage is to be provided and be designed in line with design standards contained in Chapter 11 of the Cycle Infrastructure Design' DfT Local Transport Note 1/20 (July 2020). Prior to first occupation the approved design shall be fully implemented and thereafter retained for this purpose.

Reason: To ensure the provision of adequate cycle parking that meets the needs of occupiers of the proposed development and in the interests of encouraging the use of sustainable modes of transport in accordance with Policies 1, 5 and 8 of Hertfordshire's Local Transport Plan (adopted 2018)

HCC as Highway Authority recommends inclusion of the following Advisory Note (AN) to ensure that any works within the highway are carried out in accordance with the provisions of the Highway Act 1980.

AN1) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN2) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN3) Debris and deposits on the highway: It is an offence under section 148 of the Highways Act 1980 to deposit compost, dung or other material for dressing land, or any rubbish on a made up carriageway, or any or other debris on a highway to the interruption of any highway user. Section 149 of the same Act gives the Highway Authority powers to remove such material at the expense of the party responsible. Therefore, best practical means shall be taken at all times to ensure that all vehicles leaving the site during construction of the development and use thereafter are in a condition such as not to emit dust or deposit mud, slurry or other debris on the highway. Further information is available by telephoning 0300 1234047.

COMMENTS

The proposals are for Prior Approval Class Q Agric to Dwelling: Conversion of existing barn into four dwelling houses. West Lane is maintainable by the highway authority and is unclassified and provides a local access function in the road hierarchy. The vehicle speeds past this site are limited to 30 mph. There have been no recorded accidents near the site in a rolling 5-year period.

Policy Review:

The key documents used to assess the application are:

- Manual for Streets 2007
- National Planning Policy Framework (July 2021)
- Hertfordshire County Council's (HCC) Local Transport Plan-4 [2018-2031, May2018]
- Cycle Infrastructure Design DfT Local Transport Note 1/20 (July 2020)
- HCC's Place & Movement Planning Design Guidance (adopted in March 2024)

PLANNING HISTORY

The application site has previous planning history.
21/02673/PNQ, 21/01645/PNQ, 23/01857/PNR, and 21/01942/PNQ.

DRAWINGS

The Highway Authority note the submission of materials in support of the planning application, including drawing numbers: 2518.02, Site Location Plan, and Support Statement.

SUSTAINABILITY

'Cycle Infrastructure Design' DfT Local Transport Note 1/20 (July 2020) recommends for cycle parking storage should be 2m (1.8m is acceptable) in length by 0.3m space between cycles. There should be parking for 1 cycle per dwelling. Outside cycle parking should be covered and lockable. The provision of well-located, safe and secure cycle parking for residents and visitors is a key factor in encouraging people to cycle as an alternative to using the private car. No mention of cycle storage is found in the provided plans and documents. Please see Condition 1 above

PARKING

The proposed car parking provision and layout is the responsibility of the LPA to determine the level and suitability of the car parking proposals, however, it is essential that it is operated in efficient and safe manner to minimise the impact on the local highway network which is the responsibility of the Highway Authority.

ACCESS

The access is existing with the unadopted track being approx.133 meters from the site. The access is suitable for the proposed development.

VISIBILITY

Vehicle-to-vehicle inter-visibility have an acceptable level of vehicle-to-vehicle visibility and accords with the principles found in Hertfordshire's Place & Movement Planning Design Guide Part 4 Chapter 6 section 18.1, page 70.

EMERGENCY ACCESS

The nature of the site puts the proposals / access within 45 meters from the public highway (As required in accordance with MfS 6.7.2)

REFUSE / RECYCLING

The proposals for recycling bin storage must be in line with Manual for Streets MfS 6.8.9 residents should not be required to carry waste more than 30m and be within 25m of the kerbside/bin collection point.

CONCLUSION

Should the LPA be minded to approve the application please note the above conditions and informatives. This level of development is unlikely to generate any extra movements which would ultimately lead to demonstrable harm to the highway network in terms of free flow and capacity, therefore; the highway authority would not wish to restrict the grant of planning permission.

Signed

Paul Marshall
