

The floor plan shows a rectangular building with a red dashed line along the left and top edges, indicating a boundary or extension. The rooms and their features are as follows:

- Study:** Located at the top left, containing a desk and chair.
- Hall:** Centrally located, containing a staircase and a door to the Study.
- Kitchen:** Located at the top right, containing a sink, stove, and a small table with two chairs.
- Family Room / Guest Room:** A large room on the left side, containing a large sofa and a fireplace.
- Bathroom:** Located between the Family Room and the Living Room, containing a toilet, sink, and bathtub.
- Living Room:** A large room on the right side, containing a large sofa, a coffee table, and a fireplace.
- Conservatory:** Attached to the bottom of the Living Room, containing a small table and two chairs.

The floor plan shows two bedrooms, a staircase, and a balcony. Bedroom 1 is at the bottom, and Bedroom 2 is above it. A staircase is located between the two bedrooms. A balcony is attached to Bedroom 2. A red dashed line runs vertically through the plan, indicating a structural break or boundary.

The floor plan shows a rectangular building with a large, red-hatched triangular area on the right side, labeled "PV/Solar Panels on flat roof behind roof parapet". The interior includes "Bedroom 1" with a double bed, "Bedroom 2" with a single bed, and a "Bathroom" with a toilet and sink. A staircase is located between the bedrooms. The building is situated on a sloped site, indicated by a dashed red line representing the ground level.

A detailed architectural line drawing of a single-story brick house. The house features a gabled roof with a chimney on the right side. A small dormer window is visible on the roof. The front facade is made of brick and includes a central door with a transom window. To the left of the main house, there is a taller structure with horizontal siding, possibly a garage or an extension. The drawing is presented in a technical, black-and-white style.

This architectural elevation drawing shows a house with a gabled roof. A chimney is located on the left side of the roof. The right side of the house features a small porch with a gabled roof and a door. A window is visible on the wall to the left of the porch. The drawing is a black and white line art illustration.
