

Appendix G - Heritage and Views Note

This note supports the assessment at paragraph 7.20 of the Planning Statement. The heritage assets in the vicinity of the site are Nup End Farm House, a Grade II listed building on the east side of Park Lane approximately 100 metres to the north-east of the containers, and the Old Knebworth Conservation Area, which includes Nup End Farm House.

Photographs were taken in September 2026 from the public highway at the points where the containers would be most likely to be seen in the setting of those assets: adjacent to the listed building, on the approach along Park Lane from Old Knebworth, and from Drivers End Lane to the north-west. Camera positions are shown on drawing NEF-PV-002, which follows.

The containers do not appear in any of the three views. They stand behind the roadside hedgerow to Park Lane and between the existing agricultural buildings.

Ref	Location and direction of view	Subject
H1	Park Lane, adjacent to Nup End Farm House, looking south-west	Setting of the listed building
H2	Park Lane, beside the electricity substation, looking south-west	Approach from Old Knebworth
H3	Drivers End Lane, looking south-east	View from the north-west
