CASE OFFICER: ...William Thompson.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
24/02888/FPH	Single storey rear and side extension following demolition of existing rear and side elements	17 Redhill Road Hitchin Hertfordshire SG5 2NQ

Submitted Plan Nos

Location Plan SLA-24-01 SLA-24-02 SLA-24.03

1.0 Policies

D1 Sustainable design

D2 House exts, replcmnt dwellings outbuild

D3 Protecting living conditions

T2 Parking

SECN12 Achieving well-designed places

SECN14 Meeting climate change,coastal,flooding

2.0 **Site History**

2.1 None relevant

3.0 **Representations**

3.1 **Neighbour Consultation** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The site is an end-terraced, two-storey dwelling on the south side of Redhill Road in a residential part of Hitchin. Gardens exist to the front and rear, along with a driveway.

4.2 **Proposal**

- 4.2.1 Single storey rear and side extension following demolition of existing rear and side elements.

4.3 **Key Issues**

- 4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its impact on the character and appearance of the area.
- The impact of the proposed development on the living conditions of neighbouring properties.
- Access and parking matters.
- The impact of the proposed development on the environment.

Design

- 4.3.2 Policy D1 of the Local Plan requires that development proposals respond positively to the site's local context, retain existing vegetation and minimise the visual impact of street furniture and parking provision. Policy D2 of the Local Plan requires extensions to houses to incorporate design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.

- 4.3.3 The rear part of the proposed single storey extension would have a width of 8.5m with 2.8m extending beyond the side elevation wall, a depth of 3.0m from the rear elevation wall and a flat roof with a height of 3.1m. The side part of the proposed single storey extension would have a width of 1.8m, a depth of 3.3m to meet the proposed rear part of the extension and a hipped roof with an eave's height of 2.2m and a peak of 3.9m. The proposed external materials would be cream render for the walls, white uPVC windows and doors and brown plain tiles for the side extension roof, all to match existing. The

proposed extensions would be set back from the southern boundary line by a minimum of 1.0m.

- 4.3.4 In my view, the scale of the proposed extension would be a sympathetic addition to the dwelling and would not be considered disproportionate. The proposed roof forms and materials are considered sympathetic to the dwelling and wider street scene and would not result in an adverse effect on the character of the dwelling.
- 4.3.5 This is considered to be in line with Section 12 of the National Planning Policy Framework and Policies D1, D2 and D3 of the Local Plan.

Impact on Neighbours

- 4.3.6 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.
- 4.3.7 The proposed side element of the extension and part of the proposed rear element of the extension would be visible from the streetscene; however, the proposed materials, scale and roof forms are sympathetic to the original dwelling and would not harm the character and appearance of the streetscene.
- 4.3.8 Regarding, no.15 Redhill Road, the adjoining neighbour, the proposed rear extension is set in from the boundary by 0.1m and with a height of 3.1m and depth of 3.0m, it is not considered that the proposed extension would result in unacceptable harm in terms of overdominance, shading or loss of privacy.
- 4.3.9 Regarding, no.19 Redhill Road, the non-adjoining neighbour, the proposed extensions would be set in from the boundary by a minimum of 1.0m. Additionally, given the scale and form of the proposed extensions and that no.19 is set in from the boundary and at an angle, it is not considered that the proposed extension would result in unacceptable harm in terms of overdominance, shading or loss of privacy.
- 4.3.10 This development is therefore considered to be in accordance with Policy D3 of the NHLP and Section 12 of the NPPF.

Highways and Parking:

- 4.3.11 The proposal does not include an increase in the number of bedrooms. Therefore, with regard to Policy T2 of the NHLP, there would be no car parking issues arising from the development.

Environmental Implications

- 4.3.12 The proposed development would be consistent with the criteria set out in Policy D1 of the NHLP '*Sustainable Design*'. There are no other significant environmental implications as a result of the proposed development.

Biodiversity Net Gain:

- 4.3.13 This is a form of development which is exempt from BNG Legislation, defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 due it falling under the scope of the 'de minimis' exemption.

4.4 **Conclusion**

- 4.4.1 The proposed development is considered acceptable and in accordance Policies D1, D2, D3, T2 of the NHLP 2011-2031 and Sections 12 and 14 of the NPPF.

4.5 **Alternative Options**

- 4.5.1 None.

4.6 **Pre-Commencement Conditions**

- 4.6.1 None.

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
