Dear Sir

Your Ref:- 18/01156/FP.

Re: ERECTION of THREE 2bed TERRACE HOUSES.

We are in favour of the development of the above piece of land which is adjacent to our property- However, having viewed the proposed development on line, we feel that a terrace of THREE 2-bed houses with associated parking for SEVEN cars is far to big and and not in keeping with the rest of the houses in the street and out of character for this particular site.

Previously a planning application for a larg 5-bed house was refused and a planning application for a 3-bed house was approved which was acceptable to us and more suited to the area.

Therefore we are AGAINST the present proposal but a smaller development of 2 Semi-detached 2-br houses would be more acceptable to us.

Yours faithfully

[redacted]

(Mr & Mrs. R. Thompson
