PREPARATIONS AND CHECKS
Contractors must verify all dimensions, levels and boundaries on site before commencing any works.
All existing lintels, beams, foundations etc. taking any new loads are to be exposed and re-assessed for the new load and to be re-inforced or replaced as necessary at the descretion of the Local Authority.
All structural information should be checked against detailed structural engineers information and calculation sheets.
Contractor to assume design responsibility under CDM 2015.
