Response to Planning application from Hertfordshire County Council (T and CP GDP Order 2015)

Director of Planning

North Hertfordshire Council
Council Offices
Gernon Road
Letchworth Garden City
Hertfordshire
SG6 3JF

District ref: 25/02601/FPH
HCC ref: NH/26951/2025
HCC received: 27 October 2025
Area manager: Manjinder Sehmi
Case officer: Paul Marshall

Location

32 Cranborne Avenue, Hitchin, Hertfordshire, SG5 2BS

Application type

Full Application

Proposal

Full Permission Householder : Part two storey and part single storey rear extension; single storey side extension and front porch canopy following demolition of existing garage/store. External render; alterations to fenestration and hard landscaping works. Widening of existing vehicular access and provision of additional car parking space.

Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission.

HCC as Highway Authority recommends inclusion of the following Advisory Note (AN) to ensure that any works within the highway are carried out in accordance with the provisions of the Highway Act 1980.

AN1) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible,

authorisation should be sought from the Highway Authority before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN2) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN3) New or amended vehicle crossover access (section 184): Where works are required within the public highway to facilitate a new or amended vehicular access, the Highway Authority require the construction of such works to be undertaken to their satisfaction and specification, and by a contractor who is authorised to work in the public highway. If any of the works associated with the construction of the access affects or requires the removal and/or the relocation of any equipment, apparatus or structures (e.g. street name plates, bus stop signs or shelters, statutory authority equipment etc.) the applicant will be required to bear the cost of such removal or alteration. Before works commence the applicant will need to apply to the Highway Authority to obtain their permission, requirements and for the work to be carried out on the applicant's behalf. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/changes-to-your-road/dropped-kerbs/dropped-kerbs.aspx> or by telephoning 0300 1234047.

AN4) Avoidance of surface water discharge onto the highway: The applicant is advised that the Highway Authority has powers under section 163 of the Highways Act 1980, to take appropriate steps where deemed necessary (serving notice to the occupier of premises adjoining a highway) to prevent water from the roof or other part of the premises falling upon persons using the highway, or to prevent so far as is reasonably practicable, surface water from the premises flowing on to, or over the footway of the highway.

AN5) Debris and deposits on the highway: It is an offence under section 148 of the Highways Act 1980 to deposit compost, dung or other material for dressing land, or any rubbish on a made up carriageway, or any or other debris on a highway to the interruption of any highway user. Section 149 of the same Act gives the Highway Authority powers to remove such material at the expense of the party responsible. Therefore, best practical means shall be taken at all times to ensure that all vehicles leaving the site during construction of the development and use thereafter are in a condition such as not to emit dust or deposit mud, slurry or other debris on the highway. Further information is available by telephoning 0300 1234047.

COMMENTS

The Highway Authority previously provided comments on a similar application. As this proposal does not alter highway access, those comments remain applicable and are repeated below.

The proposals are for Full Permission Householder: Part two storey and part single storey rear extension; single storey side extension and front porch canopy following demolition of existing garage. Raised roof height and hip to gable roof extension; insertion of front and rear box dormer windows to facilitate loft conversion. External render; alterations to fenestration and hard

landscaping works. Widening of existing vehicular access and provision of additional car parking space. Cranborne Avenue is maintainable by the highway authority and is unclassified and provides a local access function in the road hierarchy. The vehicle speeds past this site are limited to 30 mph. There have been no recorded accidents near the site in a rolling 5-year period.

Policy Review:

The key documents used to assess the application are:

- Manual for Streets 2007
- National Planning Policy Framework (July 2021)
- Hertfordshire County Council's (HCC) Local Transport Plan-4 [2018-2031, May2018]
- HCC's Place & Movement Planning Design Guidance (adopted in March 2024)

PLANNING HISTORY

The application site has no previous planning history.

DRAWINGS

The Highway Authority note the submission of materials in support of the planning application, including drawing numbers: 2021-001 Rev A and 2044-002 Rev A

PARKING

Drawing 2021-001 Rev A illustrates the parking area at 2.5 x 5.00 which is in accordance with HCC's Place & Movement Planning Design Guidance (adopted in March 2024)

ACCESS

It is proposed to extend the existing dropped kerb. This is acceptable. The dropped kerb team will inform the applicant of the length of the extension.

VISIBILITY

Drawing 2021-001Rev A illustrates vehicle-to-vehicle inter-visibility and pedestrian visibility have an acceptable level of visibility and accords with the principles found in Hertfordshire's Place & Movement Planning Design Guide Part 4 Chapter 6 section 18.1, page 70.

REFUSE / RECYCLING

The proposals for recycling bin storage must be in line with Manual for Streets MfS 6.8.9 residents should not be required to carry waste more than 30m and be within 25m of the kerbside/bin collection point.

CONCLUSION

Should the LPA be minded to approve the application please note the above informatives. This level of development is unlikely to generate any extra movements which would ultimately lead to demonstrable harm to the highway network in terms of free flow and capacity, therefore; the highway authority would not wish to restrict the grant of planning permission.

Signed

Paul Marshall
