NORTH HERTFORDSHIRE DISTRICT COUNCIL

Town and Country Planning Act 1990

DECISION NOTICE

Correspondence Address:

Forge Design Studio
The Forge
Cowesfield
Whiteparish
Salisbury
SP5 2RB

Applicant:

Mr Stephen Aucott

PARTICULARS OF DEVELOPMENT

Application: 24/02518/S73

Proposal: Variation of condition 2 (revised plans) of planning permission 21/03362/FP granted 22.04.2022 for Erection of main members entrance, foyer and disabled access; outdoor swimming pool with associated sun-terraces; reconfigured and extended tennis courts, fencing and floodlighting; heat experience extension to existing building and outdoor training experience area.

Location: Odyssey Health Club , Old Knebworth Lane, Knebworth, Hertfordshire, SG2 8DU

Plan Nos: Site Location Plan PL008_A PL009_A PL010_A PL017 PL018

PARTICULARS OF DECISION

In pursuance of its powers under the above Act and the associated Orders and Regulations, the Council hereby **GRANT PERMISSION** for the development proposed by you in your application received with sufficient particulars on 13 November 2024, subject to the following condition(s):

Biodiversity Net Gain

1. This development is not subject to the statutory Biodiversity Gain Plan condition because it is considered exempt under the statutory exemptions (<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>) or transitional arrangements in respect of the biodiversity gain condition.

Planning Conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. No development of the tennis courts shall commence until details of the tennis court design specifications including the dimensions, surfacing, fencing and line markings have been submitted to and approved in writing by the Local Planning Authority after consultation with Sport England. The tennis courts shall not be constructed other than in accordance with the approved details.

Reason: To ensure that the development is fit for purpose and sustainable

4. Development shall not commence until a construction methodology has been submitted to and approved in writing by the Local Authority. The construction methodology shall demonstrate consultation with the Asset Protection Project Manager at Network Rail. The development shall thereafter be carried out in accordance with the approved construction methodology unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure the safety, operational needs and integrity of the railway.

5. For the first twelve months following the installation and operation of the new lighting an assessment will be made by Network Rail to check the effect of the lighting on the nearby railway line. If it is found that there is a problem with driver

visibility, the developer will undertake mitigation measures such as additional screening/cowling or light adjustment as appropriate to alleviate the problem, to the satisfaction of the local planning authority in association with Network Rail and the Train Operating Companies.

Reason: To ensure the safety, operational needs and integrity of the railway.

6. The following limits shall not be exceeded by the new lighting columns hereby permitted:
- Sky Glow ULR (Max%) 5.0
 - Max light into windows Ev (lux)
 - 07.00- 23.00hrs 10
 - 23.00- 07.00hrs 2
 - Source Intensity I(kcd)
 - 07.00- 23.00hrs 10
 - 23.00- 07.00hrs 1
 - Building Luminance 07.00- 23.00hrs
 - Average, L (cd/m²) 10

Reason: To protect the amenities of future adjacent residential properties.

7. No development shall take place until an ecological design strategy (EDS) addressing the implementation of the recommendations in the submitted ecological report (Greengage Environmental Limited, April 2019) has been submitted to and approved in writing by the local planning authority. The EDS shall include the following -
- a) Purpose and conservation objectives for the proposed works.
 - b) Review of site potential and constraints.
 - c) Detailed design(s) and/or working method(s) to achieve stated objectives.
 - d) Extent and location/area of proposed works on appropriate scale maps and plans.
 - e) Type and source of materials to be used where appropriate, e.g. native species of local provenance.
 - f) Timetable for implementation demonstrating that works are aligned with the proposed phasing of development.
 - g) Persons responsible for implementing the works.
 - h) Details of initial aftercare and long-term maintenance.
 - i) Details for monitoring and remedial measures.
 - j) Nesting bird mitigation strategy
 - k) Details of a bat sensitive lighting scheme
 - l) Native species and habitats landscaping scheme with establishment and management protocols
 - m) Integrated bat and bird box strategy to include model and location of boxes. All buildings bordering open space will require a box.
- The EDS shall be implemented in accordance with the approved details and all features shall be retained in that manner thereafter.'

Reason: To conserve and enhance biodiversity in accordance with NPPF and to ensure compliance with the Wildlife and Countryside Act 1981 (as amended)

8. Details and/or samples of materials to be used on all external elevations and the roof of the development hereby permitted shall be submitted to and approved in

writing by the Local Planning Authority before the development is commenced and the approved details shall be implemented on site.

Reason: To ensure that the development will have an acceptable appearance which does not detract from the appearance and character of the surrounding area.

9. Prior to the commencement of the development hereby permitted full details of hard and soft landscaping associated with the development together with all fixed outdoor gym equipment shall be submitted to and approved in writing by the Local Planning Authority. Such details shall include the following :
- a) which, if any, of the existing vegetation is to be removed and which is to be retained
 - b) what new trees, shrubs, hedges and grassed areas are to be planted, together with the species proposed and the size and density of planting
 - c) the location and type of any new walls, fences or other means of enclosure and any hardscaping proposed
 - d) details of any earthworks proposed

All associated hard landscaping shall be laid out in accordance with the approved details or particulars prior to the first occupation of the development hereby permitted and thereafter retained and maintained to the satisfaction of the Local Planning Authority.

Reason: To ensure the submitted details are sufficiently comprehensive to enable proper consideration to be given to the appearance of the completed development and to ensure the correct phasing of development

10. The approved details of soft landscaping shall be carried out before the end of the first planting season following either the first occupation of any of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced during the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to vary or dispense with this requirement.

Reason: To safeguard and enhance the appearance of the completed development and the visual amenity of the locality

11. Before the new development elements hereby approved are first brought into use, full details of the proposed cycle storage shelter shall be submitted to and approved in writing by the Local Planning Authority. The shelter shall thereafter be erected in accordance with the approved details.

Reason: To ensure that adequate cycle storage facilities are made available to members in the interests of sustainable transport and to ensure a satisfactory appearance for the development.

12. (a) No development approved by this permission shall be commenced until a Site Investigation (Phase II environmental risk assessment) report has been submitted to and approved by the Local Planning Authority which includes:
- (i) A full identification of the location and concentration of all pollutants on this site and the presence of relevant receptors, and;

(ii) The results from the application of an appropriate risk assessment methodology

(b) No development approved by this permission (other than that necessary for the discharge of this condition) shall be commenced until a Remediation Method Statement report;

if required as a result of (a), above; has been submitted to and approved by the Local Planning Authority.

(c) This site shall not be occupied, or brought into use, until:

(i) All works which form part of the Remediation Method Statement report pursuant to the discharge of condition (b) above have been fully completed and if required a formal agreement is submitted that commits to ongoing monitoring and/or maintenance of the remediation scheme.

(ii) A Remediation Verification Report confirming that the site is suitable for use has been submitted to, and agreed by, the Local Planning Authority.

(d) Any contamination, other than that reported by virtue of condition (a), encountered during the development of this site shall be brought to the attention of the Local Planning Authority as soon as practically possible; a scheme to render this contamination harmless shall be submitted to and agreed by, the Local Planning Authority and subsequently fully implemented prior to the occupation of this site.

Reason: To ensure that any contamination affecting the site is dealt with in a manner that safeguards human health, the built and natural environment and controlled waters.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Informative/s:

Informative/s:

1. Network Rail Standard Informatives

Please note, not all of these requirements may be applicable to this development
Fail Safe Use of Crane and Plant

All operations, including the use of cranes or other mechanical plant working adjacent to Network Rail's property, must at all times be carried out in a "fail safe" manner such that in the event of mishandling, collapse or failure, no materials or plant are capable of falling within 3.0m of the nearest rail of the adjacent railway

line, or where the railway is electrified, within 3.0m of overhead electrical equipment or supports.

With a development of a certain height that may/will require use of a crane, the

developer must bear in mind the following. Crane usage adjacent to railway infrastructure is subject to stipulations on size, capacity etc. which needs to be agreed by the Asset Protection Project Manager prior to implementation.

Excavations/Earthworks

All excavations/ earthworks carried out in the vicinity of Network Rail property/ structures must be designed and executed such that no interference with the integrity of that property/ structure can occur. If temporary works compounds are to be located adjacent to the operational railway, these should be included in a method statement for approval by Network Rail. Prior to commencement of works, full details of excavations and earthworks to be carried out near the railway undertaker's boundary fence should be submitted for the approval of the Local Planning Authority acting in consultation with the railway undertaker and the works shall only be carried out in accordance with the approved details. Where development may affect the railway, consultation with the Asset Protection Project Manager should be undertaken. Network Rail will not accept any liability for any settlement, disturbance or damage caused to any development by failure of the railway infrastructure nor for any noise or vibration arising from the normal use and/or maintenance of the operational railway. No right of support is given or can be claimed from Network Rail's infrastructure or railway land.

Security of Mutual Boundary

Security of the railway boundary will need to be maintained at all times. If the works require temporary or permanent alterations to the mutual boundary the applicant must contact Network Rail's Asset Protection Project Manager.

Demolition

Any demolition or refurbishment works must not be carried out on the development site that may endanger the safe operation of the railway, or the stability of the adjoining Network Rail structures. The demolition of buildings or other structures near to the operational railway infrastructure must be carried out in accordance with an agreed method statement. Approval of the method statement must be obtained from Network Rail's Asset Protection Project Manager before the development can commence.

Vibro-impact Machinery

Where vibro-compaction machinery is to be used in development, details of the use of such machinery and a method statement should be submitted for the approval of the Local Planning Authority acting in consultation with the railway undertaker prior to the commencement of works and the works shall only be carried out in accordance with the approved method statement.

Scaffolding

Any scaffold which is to be constructed within 10 metres of the railway boundary fence must be erected in such a manner that at no time will any poles over-sail the railway and protective netting around such scaffold must be installed.

Bridge Strikes

Applications that are likely to generate an increase in trips under railway bridges may be of concern to Network Rail where there is potential for an increase in 'Bridge strikes'. Vehicles hitting railway bridges cause significant disruption and delay to rail users. Consultation with the Asset Protection Project Manager is

necessary to understand if there is a problem. If required there may be a need to fit bridge protection barriers which may be at the developer's expense.

Abnormal Loads

From the information supplied, it is not clear if any abnormal loads will be using routes that include any Network Rail assets (e.g. bridges and level crossings). We would have serious reservations if during the construction or operation of the site, abnormal loads will use routes that include Network Rail assets. Network Rail would request that the applicant contact our Asset Protection Project Manager to confirm that any proposed route is viable and to agree a strategy to protect our asset(s) from any potential damage caused by abnormal loads. I would also like to advise that where any damage injury or delay to the rail network is caused by an abnormal load (related to the application site), the applicant or developer will incur full liability.

Two Metre Boundary

Consideration should be given to ensure that the construction and subsequent maintenance can be carried out to any proposed buildings or structures without adversely affecting the safety of, or encroaching upon Network Rail's adjacent land, and therefore all/any building should be situated at least 2 metres from Network Rail's boundary. This will allow construction and future maintenance to be carried out from the applicant's land, thus reducing the probability of provision and costs of railway lookout protection, supervision and other facilities necessary when working from or on railway land.

ENCROACHMENT

The developer/applicant must ensure that their proposal, both during construction, and after completion of works on site, does not affect the safety, operation or integrity of the operational railway, Network Rail and its infrastructure or undermine or damage or adversely affect any railway land and structures. There must be no physical encroachment of the proposal onto Network Rail land, no over-sailing into Network Rail airspace and no encroachment of foundations onto Network Rail land and soil. There must be no physical encroachment of any foundations onto Network Rail land. Any future maintenance must be conducted solely within the applicant's land ownership.

Should the applicant require access to Network Rail land then must seek approval from the Network Rail Asset Protection Team. Any unauthorised access to Network Rail

land or airspace is an act of trespass and we would remind the council that this is a criminal offence (s55 British Transport Commission Act 1949). Should the applicant be granted access to Network Rail land then they will be liable for all costs incurred in facilitating the proposal.

Access to the Railway

All roads, paths or ways providing access to any part of the railway undertaker's land shall be kept open at all times during and after the development.

2. The applicant is advised that the design and layout of the games court should comply with the relevant industry Technical Design Guidance, including guidance published by Sport England and National Governing Bodies for Sport. Particular attention is drawn to: Sport England's Artificial Surfaces for Outdoor Sports' guidance note.

3. Useful Network Rail contacts;
Asset Protection Eastern

For enquiries, advice and agreements relating to construction methodology, works in proximity to the railway boundary, drainage works, or schemes in proximity to

railway tunnels (including tunnel shafts) please email assetprotectioneastern@networkrail.co.uk.

Land Information

For enquiries relating to land ownership enquiries, please email landinformation@networkrail.co.uk.

Property Services

For enquiries relating to agreements to use, purchase or rent Network Rail land, please email propertyserviceslneem@networkrail.co.uk.

4. Sport England have been unable to confirm that the proposed lighting scheme will satisfy recommended standards for tennis court usage. You may wish to contact Sport England to clarify these details as part of the overall tennis court design as required by condition 4 of the planning permission.

Signed:

Shaun Greaves

Date: 21 January 2025

The Council's Privacy Notice is available on our website: <https://www.north-herts.gov.uk/home/council-data-and-performance/data-protection/information-management-gdpr>

NOTES

- 1 **Failure to satisfy conditions may invalidate this permission and/or result in enforcement action. Particular attention should be paid to the requirements of any condition in bold.**
- 2 Applicants will need to pay a compliance fee where they request confirmation in writing of any planning consent, agreement or approval (commonly known as discharge of conditions) required by one or more conditions or limitations attached to a grant of planning permission.
- 3 The fee is £145 per request or £43 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of the

dwellinghouse.

The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available via the Council's website:

www.north-herts.gov.uk/home/planning/planning-applications/submit-planning-application

- 4 If the development hereby permitted is one that will require a new postal address/es then please contact the Council's **street naming and numbering service** on 01462 474431 or email SNN@north-herts.gov.uk who will advise you on how to apply for the new address/es.

Any proposed sales and/or marketing name to be adopted by the developer should be forwarded to the **street naming and numbering service**, prior to any publication of the site details and sales information.

- 5 If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's (LPA) decision then you must do so within 6 months of the date of this notice.

However, if an enforcement notice has been served for the same or very similar development the time limit is 28 days from the date of the LPA decision or 28 days from the date the enforcement notice was served.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

6 **Purchase Notices**

If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

- 7 The District Council and County Highway Authority wish to ensure that, in the implementation of the development, hereby approved, the highway verge adjacent to the property is not damaged or does not become unsightly due to the stationing of skips, parking of vehicles, storing of building materials etc thereon. Your attention is, therefore, drawn to the provisions of Section 131 of the Highways Act 1980 and to the Hertfordshire County Council Bylaws 1955 (specifically relating to grass margins and verges in Letchworth Garden City) by virtue of which such actions, unless authorised by the prior grant of a licence, constitute a prosecutable offence. Persons responsible for undertaking the development and any associated works are, therefore, strongly encouraged to take appropriate steps to ensure that no breach of the said legislation occurs during the course of such activities. In the event of any damage being caused it will be expected that suitable reinstatement is undertaken upon completion of the development. Failure to do so could also result in legal action being pursued. To obtain information regarding the issue of licences, contact Hertfordshire Highways, Hertfordshire County Council, County Hall, Pegs Lane, Hertford, SG138DQ or telephone 0300 1234 047.

8 **Cadent Gas Informative:**

Cadent Gas own and operate the gas infrastructure within the area of your development. Contact our Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com Alternatively you can register on www.beforeyoudig.cadentgas.com This service is free of charge.

THIS PLANNING PERMISSION DOES NOT CONSTITUTE APPROVAL UNDER BUILDING REGULATIONS AND IS NOT A LISTED BUILDING CONSENT OR CONSERVATION AREA CONSENT. IT DOES NOT CONVEY ANY APPROVAL OR CONSENT WHICH MAY BE REQUIRED UNDER ANY ENACTMENT, BYELAW, ORDER OR REGULATION OTHER THAN SECTION 57 OF THE TOWN AND COUNTRY PLANNING ACT 1990.

Consent for these works may be required from the Letchworth Garden City Heritage Foundation (www.leetchworth.com/heritage-foundation) under the Scheme of Management or leasehold covenants. If you do not already have their approval, you are advised to contact the Heritage Foundation on home@leetchworth.com or 01462 476017 to confirm whether you also need to submit an application to them.
