Dear Sir / Madam,

Electronic Communications : Installation of 1 no. 300mm dish on support bracket to existing mast. Link equipment installed in existing equipment cabinet and all ancillary development thereto.

St Michaels Road, Hitchin, Hertfordshire, SG4 0QX

I refer to your covering letter received on 3 March 2026 giving formal notification in advance of the above work, in accordance with Regulation 5 of the Electronic Communications Code (Conditions and Restrictions) Regulations 2003 (as amended), as required by the Communications Act 2003.

I confirm that the Local Planning Authority has no objection to the siting and appearance of this proposal. However, it is your responsibility as the operator to ensure that your works are permitted development by virtue of the Town and Country Planning (General Permitted Development) (England) Order 2015, Schedule 2, Part 16, Class A (as amended). If you wish for a formal determination of this, then I advise you to apply for a Lawful Development Certificate for the proposal.

Please note that this decision cannot confirm the points (a/b and c) you outlined in your covering letter in terms of highway safety. You will need to submit a Full Plans application to determine this

Yours faithfully

Shaun Greaves
Development and Conservation Manager
