Application type

Discharge of Condition

Proposal

AMENDED PROPOSAL

Details of Condition : Details reserved by condition 22 (Waste and Recycling) of planning permission reference 17/01464/1 granted 02.11.2022

Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission.

COMMENTS:

Thank you for consulting the above application (Ref: 25/02138/DOC). This application seeks approval of details of condition: details reserved by condition 22 (Waste and Recycling) of planning permission reference 17/01464/1 granted 02.11.2022 which says that-

"Prior to the construction of the final road surfacing of the development (but not prior to those works associated with operational/construction access), details of the circulation route for refuse collection vehicles have been submitted to the local planning authority and approved in writing. The required details shall include a full construction specification for the route, and a plan defining the extent of the area to which that specification will be applied. No dwelling forming part of the development shall be occupied until the refuse vehicle circulation route has been laid out and constructed in accordance with the details thus approved, and thereafter the route shall be maintained in accordance with those details. Reason: To facilitate refuse and recycling collections"

The applicant has submitted a revised refuse vehicle tracking drawing (Ref: 093/SK 10) which shows that a 12.2m refuse collection vehicle is used for tracking. Therefore, the highway authority is content with the refuse collection arrangement, and no obligation is recommended for discharging.

Signed

Shamsul Huda
