2.0 **Relevant Site History**

2.1 20/01693/FPH - Insertion of 2no. dormer windows to existing side elevation roof slope of detached double garage. Conditional Permission.

2.2 18/02268/FPH - Erection of two storey detached double garage, following demolition of existing detached single garage. Conditional Permission.

3.0 **Representations**

3.1 **Neighbour Consultation** – None received.

3.2 **Royston Town Council** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site lies on the west side of Poplar Drive and comprises of a triangular plot with detached chalet type dwelling with detached two-storey double garage sited

forward and to the south of the dwelling and built as per applications 18/02268/FPH and 20/01693/FPH.

- 4.1.2 The application site is within the settlement boundary for Royston where development is generally acceptable subject to policy requirements.

4.2 **Proposal**

- 4.2.1 Single storey rear extension following demolition of existing conservatory.

4.3 **Key Issues**

- 4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.
- The impact that the proposed development would have on the living conditions of neighbouring properties.
- The impact that the proposed development would have on car parking provision in the area.
- The impact that the proposed development would have on the environment.

Design and Appearance

- 4.3.2 The objectives of the National Planning Policy Framework (NPPF) include those seeking to secure the creation of high quality, beautiful and sustainable buildings and places (Section 12 – Achieving well-designed places). Paragraph 131 of the NPPF states that *“Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities”*. In this regard, Policy D1 and D2 of the Local Plan are consistent with the objectives set out within the NPPF.
- 4.3.3 Following demolition of an existing conservatory to the rear of the dwelling, the proposal would see the erection of a single storey extension on the footprint of the existing conservatory, albeit the extension would be flush with the existing side flank elevation of the dwelling. To the party boundary with the neighbouring property to the northeast no.11 Poplar Drive there would be a 2.6 metre high parapet wall. The extension would have a hipped gable roof form part of which would be screened in part by the parapet wall. Openings would comprise of two sets of bi-folding doors to the north and west side elevations. Materials for the external finish would be brickwork and plain tiles to match the existing dwelling with aluminium dark charcoal frames to the openings. Beyond the extension sufficient garden space for a dwelling of this size would remain.
- 4.3.4 I am satisfied that the proposed rear extension would be sympathetic to the existing dwelling in terms of scale and design and would not harm the visual amenity of the area and would be in accordance with Policies D1 and D2 of the Local Plan and Section 12 of the NPPF.

Impact on Neighbouring Properties:

- 4.3.5 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the Local Plan.
- 4.3.6 The proposed extension is of a minor scale and would not, in my view, impact existing residential amenity to any significant degree.
- 4.3.7 I am satisfied that the proposal is in accordance with Policy D3 of the Local Plan and Section 12 of the NPPF.

Highways and Parking:

- 4.3.8 The dwelling is served by sufficient off-street parking spaces which would not be affected by the proposed development and is therefore considered to be in accordance with Policy T2 of the Local Plan.

Biodiversity Net Gain (BNG)

- 4.3.9 This is a householder application which is exempt from BNG legislation defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Environmental Implications

- 4.3.10 Section 14 of the NPPF sets out how the planning system should support the transition to a low carbon future. The principles set out in Section 14 are reflected in Policy D1 of the Local Plan, which sets out that development proposals should take all reasonable opportunities to reduce energy consumption and waste, retain existing vegetation and propose new appropriate planting, and future proof for changes in technology and lifestyle.
- 4.3.11 In my view, the proposed development would be unlikely to have any significant implications for the local environment in terms of carbon emissions and therefore would be generally in accordance with Policy D1 of the Local Plan and Section 14 of the NPPF.

4.4 **Conclusion**

- 4.4.1 The proposed development is considered acceptable and in accordance with Policies SP1, SP9, D1, D2 and D3 of the Local Plan 2011-2031 and Sections 2, 12 and 14 of the NPPF 2024.

4.5 **Alternative Options**

- 4.5.1 N/A

4.6 **Pre-Commencement Conditions**

- 4.6.1 N/A

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. The extension hereby permitted shall be built in external materials to match the existing dwellinghouse unless otherwise agreed in writing by the Local Planning Authority.

Reason: To protect the visual amenities of the locality and to comply with Policies D1 and D2 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
