TREE REPORT

Address

147 Jackmans Place
Letchworth Garden City
SG6 1RG
SG8 8SR

Assessment notes

We were requested to visit the above property to reduce a Eucalyptus tree (T1). The owners would like the Eucalyptus tree to be reduced by 3 meters in height and prune the sides by 0.5 to 1 meter

The Eucalyptus tree has a lot of dead on it that needs to be removed. It is a concern of the owners that the tree over hangs a shed and a fence. If the dead limbs were to fall they may cause damage. We have recommended that for the health of the tree pruning the tree back will promote new growth.

Other Work to be completed at the property will include a hard cut back on the mixed hedge row and reduce the height by 2m and a crown lift to the Conifer and hedge trim.
